An agreement ☐ was ☒ was not reached.

☐ It was agreed that the attached claims are allowable.

☐ It was agreed that the attached amendment would be entered.

☒ The interview is summarized below.

Claims 1 and 10 were discussed with respect to the references Kennedy and Meidan. Kennedy discloses an interface module for a wireless communications device. Meiden discloses a device that interfaces between a radio telephone and a vehicular projection display device. Attorney's argument that it was not proper to combine these references was understood but not deemed persuasive by the Examiner. However, further discussion between Attorney and Examiner resulted in agreement that amending the claims to clarify that the information displayed in the projection is remote would result in claims allowable over the cited art but that a new search would have to be conducted.
